

The maps and photographs included in this report were developed for purposes of the Colorado Springs Department of Utilities and are for internal use only. The Colorado Springs Department of Utilities makes no warranty, expressed or implied, as to the completeness, accuracy, or content of such products or any reproductions thereof. Any other use is not recommended and occurs at the risk of the user; such user is solely responsible and/or liable for the use of such products.

Original maps and photographs are the property of the Colorado Springs Department of Utilities. All rights are reserved. These maps and photographs or any associated record may not, wholly or in part, be reproduced, stored, or transmitted in any form or by any means, electronic, mechanical, photocopying, or otherwise, without the express prior written permission of the Colorado Springs Department of Utilities.

Regardless of the existence of purported copies of these official maps and photographs which may from time to time be made or published, there is only one set of official maps and photographs, which are those kept and maintained by the Colorado Springs Department of Utilities.

**LEGEND:**

- 1. STRUCTURAL FLOODWAY - concrete lined channels or Riprap lined banks
- 2. OPEN WATER - ponds and reservoirs (excludes flowing channel)
- 3. MATURE RIPARIAN FOREST - cottonwood and willow along perennial drainages
- 4. RIPARIAN GRASSLAND - grass and shrub depressions in the floodplains of perennial drainages
- 5. HERBACEOUS WETLAND - low lying grassy and weedy areas along intermittent drainages
- 6. EMERGENT WETLAND - emergent wetlands along ponds or stream channels
