

**Exhibit A-8
Proposed Imperviousness,
Design Points, and
Subbasin Delineation**

Colorado Springs Airport
Master Development Drainage Plan
Windmill Gulch & Big Johnson Drainage Basins

Explanation		Percent Impervious		Contour Interval	
	Study Area Boundary		100		2 Foot Contour Interval
	Historic Major Basin Boundary		95		10 Foot Contour Interval
	Proposed Major Basin Boundary		5		Basin Summary
	Airport Property Boundary		2		Basin ID
	DBPS Design Points				Basin Area (acres)
	Basin Boundary				Basin Impervious Ratio

Scale in Feet: 0, 200, 400, 800

Projection: Colorado State Plane Coordinate System
Central Zone, 3475
North American Datum of 1983 (NAD83)
